

Word of Welcome

Welcome to the Wine list of Hotel de Blanke Top, carefully selected by me, Head Sommelier Quinten Missiaen. It is truly a pleasure to work in this beautiful environment. Since February 2022 I have been building this wine list. Before I worked in several fine dining restaurants in different countries around the world.

It is a challenge to accommodate all the different taste pallets of our guests. So seven days a week I am trying to find the absolute best the wine world has to offer for reasonable prices. These times are challenging, also in the wine world. The prices are rising and the availability of some particular regions are decreasing. This makes it even more challenging. Next to the well-known wine countries as France, Italy, Spain etcetera, I have been specializing myself in the unknown wine countries. These countries often have amazing wines, but it needs a little bit of searching for the absolute best. Also the pricing of those 'new world' wines do often lead to a better price-quality ratio. This wine list contains more than 250 wines from 30 countries. So you can travel the world while tasting wine in de Blanke Top, from USA to New Zealand, from Liechtenstein to Japan. We have it all.

Next to myself, Daan also works here as a sommelier. We are specialized in our field. If you need any advice, please ask us. This makes our job even more fun. We are happy to give you pairing wines with each dish, at every price range. Just tell us what you are going to eat or tell us your favorite wine style. We are happy to find the bottle you will remember.

2024

2024

At February 17th this year. We got awarded a Star by Star Wine List for our wine list, wine experience and the knowledge of the sommeliers. This is fantastic recognition for the service we try to offer you.

@quintensomm – Stay updated on our journey to the perfect wine list.

Staff's Wine Trips

Barcelona – April 2024

After being invited to a 3-day wine trip to Barcelona, Quinten did not hesitate to go. The region is still suffering from the drought of the last years. Nevertheless, they keep on producing quality wines. Those regions are forced to work in a very sustainable way in order to still vinify quality wines. Here are the wines he found on that trip:

Basque Country August 2024

Quinten will visit the Basque Country in the beginning of August. He is very interested in the different wines of the region. They use their native grape varieties, resulting in salty white wines. This style fits perfectly with our Zeeland kitchen. Below you will find a sneak preview of the wineries he will visit.
